

Might As Well Have Coal

Yung Baby Tate

I put my tree up
The mistletoe is hanging
But you're so far away yeah
I been nice all year
Wishing that you'd hear
Me sending all these carols over your way
Oh cause

Christmas seems to be
Just the way I dreamed
Gifts under my tree
And cards above the fireplace
Stockings filled over the mantle
Way too much for me to handle
But they still don't hold a candle
Cause your love can't be replaced

I made my list
Here's what I wrote (here's what I wrote)
I told santa you're all I want (you're all I want)
Don't leave my heart out in the cold (out in the cold)
Cause if I don't get you
I might as well have coal (might as well have)

Coal
Coal

I put my lights out
Hoping that they shine bright for you (for you, for you)
It's a freezing night I hope you make your way out of the cold
Don't nobody want to be alone at a time like this (right)
Ain't no person that compares to your touch or kiss (right)
You're the only thing that's on my list
And if I don't get it
And if I don't get it baby

Christmas will seem to be
Just the way I dreamed
Gifts under my tree
And cards above the fireplace
Stockings filled over the mantle
Way too much for me to handle
But they still don't want a candle
Cause your love can't be replaced

I made my list (I made my list)
Here's what I wrote (and here's what I wrote baby)
I told santa
I told santa that you're all I want
Don't leave my
Don't you leave my heart out in the cold (out in the cold)
Cause if I don't get you (cause if I don't get you babe)
I might as well have coal (I don't get you babe)

I don't get you babe
I don't get you babe
Might as well have coal

Coal

Coal

Coal

Coal

Might as well have coal
