

Wonder

Yung Bae

Channel Tres

I gotta be the man that you see me as
Island in the middle me in Trinidad
Had to be the man that I wanna know
Separate the two with a one go

The control, let it unfold
That's a mandate to drop all the baggage
The control, let it unfold
I wanna keep hold of what I call magic

I'm gone let me wonder
Wondering if I was better in the Honda
My car ride but I'm somber when I'm somber
Everything was simpler when I just had a Tumblr

Better keep your head up when you're going under
Do it over a show where the fuck was lumber
The hunger the hunger
The hunger the hunger
Those grannies and besties and auntie and uncle

I'm gone let me wonder
I'm gone let me wonder
I'm gone let me wonder
(Shit)

Sometimes I sit and I wonder
You was gone like a thief in the night
Love, love, a love like no other
But I had a feeling like things ain't right
It's the shit I can't ignore no more
So I ain't gonna send a text when I leave
And I ain't tryna starve no more
So a nigga bout to roll up his sleeves

Whatcha need to see my car, but that's the thing
(That's a hustla move)
That's the shit I
Live by, thrive by
Private mothafuckin plane
(Its just us and the crew, damn)

Never been this hot
Though we in there smokin
Took a hit on live
Shit got me token'
Eyes wide open
Whatchu really showin, damn

Where you goin' a nigga wonder

I'm gone let me wonder

I'm gone let me wonder

(I'm gone, I'm gone, I'm gone, I'm gone, I'm gone, I'm gone)
