(Bans, bans, bans)

(Bans, bans, ban)

Brand new car, brand new feet
Ridin' round the city with some brand new heat
VVS on me
VVS on me
Out on my Felipe
Out on my Felipe
Brand new car, brand new feet
Ridin' round the city with some brand new heat
VVS on me
VVS on me
Out on my Felipe
Out on my Felipe

Mayday, choppa scene
Mayday, choppa scene
This is Yung Bans, you know I ball like 23
VVS my diamond, diamond dancing on my ring
Pull that chain around my neck, it got me feeling like a king
Mayday tooted up, I gotta lived it booted up
I push her weight like 10 sticks inside a fucking uber truck
Gotta keep it tipped, but really I ain't scare of nothing
Its a hard-knock life so they might try to take it from me
I have seen a lot, don't try to play me like a dummy
All night, in the jungle, I was starving, I was hungry
If I see a brother, I'mma make him run from me
If I see a brother, I might leave the nigga bloody

Brand new car, brand new feet
Ridin' round the city with some brand new heat
VVS on me
