Yung Bans

Sippin' this syrup (Let's go, let's go)  
Yeah, yeah, huh, ayy

Takin' these pills to the brain, I'm sippin' that syrup (Let's go)  
Break a bitch back, bitch, yeah, I'm goin' berserk  
She cryin', tellin' me she don't wanna work  
I told her she can only get what she deserve  
Got her singin' ooh  
She say the way I move, oh  
Got her so confused, woah

Ayy, beat it up  
Too much sauce, they gon' eat it up, ayy  
Smash a nigga ho with a heater (Fire)  
Deep in her guts with a nina (Brrt)  
Kinda missed this bitch named Nina  
But she really ain't shit, I don't need her  
She was there for a nigga like FEMA  
Pussy wet, Hurricane Katrina  
Ayy, yeah, I got a coupe, if you wanna ride  
The way I look at you, Bonnie to my Clyde  
She told me to keep it real, look her in her eye  
Hard to tell you how it feel, fuckin' with my pride

Skrrt skrrt, skrrt  
Sippin' syrup (Yeah)  
Finally getting burned, burns  
Just know we run the turf  
Fuck what you heard  
Skrrt, sippin' on syrup

Takin' these pills to the brain, I'm sippin' that syrup  
Break a bitch back, bitch, yeah, I'm goin' berserk  
She cryin', tellin' me she don't wanna work  
I told her she can only get what she deserve  
Got her singin' ooh  
She say the way I move, oh  
Got her so confused, woah

I'ma smash it 'til it hurt, bitch  
Say she want some Perc' dick  
Young nigga go berserk  
Young nigga go berserk (let's go)  
Two spots, ball like Globetrot'  
I probably ain't even there  
Killin' the pussy, don't give me the chair  
Raf on my body, she know that it's rare  
Balmain with zippers, young nigga ball like the Clippers, ayy  
Fuckin' these bitches, I cannot love her, I'm pimping  
If you give her all your money, then you trippin'  
'Cause she don't want your love, just want a million  
She callin' me heavenly father  
I'm with them slatts, snakes on my collar  
I'm pullin' up where it's a problem  
These niggas pussy, they don't want to solve 'em  
I'm pushin' up broad day when they out  
The world is ours, don't get devoured

I want the check, respect, power  
Got her on lock, it didn't take an hour  
Too deep in that pussy, I think I'm drowning

Takin' these pills to the brain, I'm sippin' that syrup  
Break a bitch back, bitch, yeah, I'm goin' berserk  
She cryin', tellin' me she don't wanna work  
I told her she can only get what she deserve  
Got her singin' ooh  
She say the way I move, oh  
Got her so confused, woah
