

Most Days

Yung Bans

Lately, I've been feeling like a popstar
Most times I be feeling like a rockstar
But either way, I rock too hard

(Mmm)

Either way, I rock too hard

(Yeah)

These niggas gonna come and try to play with us
(Play with us)

Get a date with some fame and he changing up
You was never on the corner tryna slang with us
Nigga you ain't gang gang with us

Yeah, now we rockin

Now we rockin

(Rockin)

Got my drank double sealed with some pink molly
I'm with some young niggas that will probably pick your pocket
Got be hotter than the sun, hot like Tallahassee
(Woah)

We've been getting a lot of money like a Kawasaki
I'm gon be high forever Adderal with the molly
I had to get in my bag and it became a habit

I'm with some niggas they wack you you and won't even think about it
I got a new bitch she ratchet
I met that hoe at Follies
On some fucked up stuff on the drugs probably

Just bought a pint I'm gon pot the seal like a perc
Took off her panties I just turned the skirt to a shirt
On on the bend feel the MDMA
And I can never see no evil like a Sensei

When you live like this ain't no shame
We've rock starts out way before the fame

Lately, I've been feeling like a popstar
Most times I be feeling like a rockstar
But either way, I rock too hard
Either way, I rock too hard
These niggas gonna come and try to play with us
Get a date with some fame and he changing up
He was never on the corner tryna slang with us
Nigga you ain't gang gang with us

(Now we rock

Now we rocking)

(With some young niggas that will probably pick your pocket)
