

No Wedding Ring

Yung Bleu

I got bitches on my ding-a-ling
I don't want no wedding ring, yeah yeah
Come here bitch and come and join the team
Come here bitch and come and join the team
I don't want no wedding ring
I got too much drama in my life right now
Don't need you to be my wife right now, or before it
I got bitches on my ding-a-ling
I don't need no wedding ring

Get these bitches out they drawers, they call me Bleu Vandross
Call me Luther, got you busting like a Ruger
Flexible like Kamasutra, take my time when I seduce you
You so fine, I'm tryna juice you
Blow my mind just like a [?] club
You so bad I'm tryna tip you
Ass so big I'm tryna grip you
That's my dawg, I'm tryna flip you
Bitch don't tell me what's the issue
Told that bitch to come and join the team
I don't want no wedding ring
Fine brown big booty bitch, she want all the dick
She want all of it, hey
Pull up in that Range
I got bitches on my ding-a-ling
I don't want no wedding ring

I got bitches on my ding-a-ling
I don't want no wedding ring, yeah yeah
Come here bitch and come and join the team
Come here bitch and come and join the team
I don't want no wedding ring
I got too much drama in my life right now

Bitches know my M.O., pockets look like hippo
Fucked the bitch so good I got her passing out my demo
You bendable, you stretchable, I bend you back like limbo
Lamborghini [?], dark the tint just like a limo (skrtr skrtr)
Fuck the friend zone, I'm in the end zone
Got your legs open just like field goal
You real bold, run the game on him, won't work for me
You unemployed, hop on this wave, I'ma let you work for me
Come twerk for me, come twerk for me
I'm Hercules, I'm Hercules, yeah
Come twerk for me, come twerk for me, yeah
I'm Hercules, yeah, I'm Hercules, yeah

Oh no no no, oh no no no, no
Oh no no no, oh no no no, no
