

Plotting

Yung Bleu

It's either me or you young nigga
It's my life or your life nigga
And you know I'm comin' for mine nigga, yeah

I gotta make the first move
I heard these niggas plottin' on my wrist and on my jewels
What you gon' do? (what the f*ck you gon' do nigga?)
Mmh, what you gon' do?
My life or yours, my life or yours
My life or yours nigga, my life or yours
My life or yours, my life or yours
It's my life or yours nigga, my life or yours

Up in this Bentley
Let's go talk about these niggas, they gotta get they issue
I got a hitter, he on call, he want 'em gone tonight
I say we gotta play it smart and he said aight
We gon' sweep through, put it in they life when they lay down tonight
And we gon' wake the neighbors up when they hear dynamite
I let 'em slide too many times, it's gon' go down tonight
I let 'em slide too many times, it's gon' go down tonight, yeah
I just made my alabi
I booked a show, the police ask, I was in Caroline
Pt thirty shots up in his spine, I left him paralyzed
You gon' f*ckin' ride

I gotta make the first move
I heard these niggas plottin' on my wrist and on my jewels
What you gon' do? (what the f*ck you gon' do nigga?)

Mmh, what you gon' do?
My life or yours, my life or yours
My life or yours nigga, my life or yours
My life or yours, my life or yours
It's my life or yours nigga, my life or yours

I don't trust nobody, not even my own blood
Family cross you 'bout some money, smile in your face, holdin' grudge
Talk crazy when you can't help, but when they need you they love
They gon' turn on you and talk about you like you wasn't love
But it's okay, 'cause I'm alright
Goin' through shit every day, but I'll be kind
I had to find a way, didn't nobody leave 'em out for me
Thought I had my head above the water
Damn near drowned, nobody had a breath for me
Niggas plottin' on my money and my jewels
Talkin' 'bout robbin', nigga go 'head, what you knew
Just know what you doin', don't be no fool
You know how I move, Dereez De'Shon

I gotta make the first move
I heard these niggas plottin' on my wrist and on my jewels
What you gon' do? (what the f*ck you gon' do nigga?)
Mmh, what you gon' do?
My life or yours, my life or yours
My life or yours nigga, my life or yours
My life or yours, my life or yours

It's my life or yours nigga, my life or yours
