You know since we in the house  
We might as well fuck (we might as well)  
Since we inside

I had to put someone on lockdown before the quarantine  
And since we can't come out the house let's try a couple things  
You my lil freak, you my lil queen, this how we posed to be  
Fuck social distance, I can't sleep if you ain't close to me  
She say "I missed the club", but baby I'm like fuck the club  
Let's have a party on my couch and go shoot up the club  
Catch another, catch another one, and another one  
Let's try some crazy shit, let me eat your booty with this honey-bun  
1 on 1, I guess since we can't watch Lebron  
Let me dunk up in that pussy have some fun  
I know we fucked two times but I ain't cum  
I got retarded dick, my shit be dumb  
Keep dancing like a freak you got me numb

Dumb (dumb)  
That my lil freak she going dumb (dumb)  
The way you dancing got me numb (numb)

I ain't never seen you where you come from  
You going dumb (dumb)  
Welcome to the party

Since we inside I want to fuck you to some R&B  
Since we inside I want to give you every part of me  
I can feel you vibrating, squirting so much that she dehydrated  
Nut on face to keep her hydrated  
I let Bradon hit, now she want mine  
Got a thousand dollars if you put your pussy lips on live  
Hit up Boo and tell him I got two lil bitches going dime
