

# Trappin For U

Yung Bleu

Al Geno on the track

Yeah

I been trappin', I been trappin'

Hey

Got a couple bands bustin' out the wrapper for you baby  
Gotta give you what you want, I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I'ma blow a couple bands when you ask me for it baby  
I got money in the wall, I been stackin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby

I been taking fed changes, I been trapping  
Back and forth in Texas with the package  
When you walk in through the door, get out them panties  
Lot of dollars, I'ma let you rubber band it  
I done moved you from the condo to the mansion  
Margielas on your toes, got you fancy  
Got you baggin' up the work, got you servin'  
Get that head when I drive, now I'm swervin'  
I know you workin'  
You makin' me nervous  
I might go clear out the bank for you girl  
If I do just make sure you don't change on me girl  
I make you glow like the chain on me girl  
Hit that ass from the back, make you sing for me girl  
Hit the road and bring back that cocaine for me girl  
Hit the road and bring back that cocaine for me girl

Got a couple bands bustin' out the wrapper for you baby  
Gotta give you what you want, I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I'ma blow a couple bands when you ask me for it baby  
I got money in the wall, I been stackin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby

Money in the wall  
All these bitches wanna ball 'til they fall  
Lookin' through my phone, got so many missed calls  
Lookin' like I miss y'all  
Since the money this tall you can suck my dick dog  
Y'all wasn't runnin' through the hood on the late night  
Scraping the edges, you gon' take a late flight  
Put my bitch in Gucci when it's date night  
I know we was strugglin', I had to get the cake right  
Had my girl baggin' up the pounds, get the weight right  
I know you down for a young nigga  
Watch a nigga bank and keep a gun with you  
Bend you over, bust you open, let my tongue hit you  
Wherever you goin' I want to come with you  
We on vacation, I'm havin' fun with you  
I said wherever you goin' I want to come with you  
We on vacation, I'm havin' fun with you

Got a couple bands bustin' out the wrapper for you baby  
Gotta give you what you want, I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I'ma blow a couple bands when you ask me for it baby  
I got money in the wall, I been stackin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby

She fuck with me 'cause I got money, I'm rockin' Medusa  
I'm gon' abuse her when I do her, I call her an Uber  
My neck on cooler, I'm shining, they call me Bleu the Ruler  
She give me brain like a tutor and when I'm done I'ma  
Touch it where your body can feel it  
You try to conceal it, I fuck you with your legs to the ceiling  
I'm lickin' and peelin', I know you feel it in your appendix  
A couple million, get you right here where I want you  
Trappin' all night in the hood for you  
Tryna make sure I look good for you  
I'ma spend some change on these bad bitches  
I wouldn't give my loose change to these sad bitches  
Trappin' all night in the hood for you  
Tryna make sure I look good for you  
I'ma spend some change on these bad bitches  
I wouldn't give my loose change to these sad bitches

Got a couple bands bustin' out the wrapper for you baby  
Gotta give you what you want, I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I'ma blow a couple bands when you ask me for it baby  
I got money in the wall, I been stackin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby  
I been trappin', I been trappin', I been trappin' for you baby
