

## You Got it (Interlude)

Yung Bleu

Mm, mm-hmm, mm-hmm  
You taste so good  
Girl, you look so good

You got it (You got it)  
Don't nobody else see it, baby, you got it  
You better know I got my eyes on you, you got it  
And it tastes like, "Mm, mm-hmm, mm-hmm"  
You taste like, "Mm, mm-hmm, mm-hmm"  
You got it (You got it)  
Don't nobody else see it, baby, you got it  
You better know I got my eyes on you, you got it  
And it tastes like, "Mm, mm-hmm, mm-hmm"  
You taste like, "Mm, mm-hmm, mm-hmm"

You got it  
Don't let no nigga tell you different, you the shit, you fine, you sexy, you pretty  
Got a thick waistline, you ain't gotta be skinny  
Either way, I'ma eat it  
Don't let no nigga break your spirit  
She been through so much, she don't even wanna hear it  
She been through so much, she don't even like chillin'  
I'm surprised that you even let me fly you out the city  
Tell me what you been missin', hope you know I'm here to listen  
Why are you so superstitious when it come to your feelings?

You got it (You got it)  
Don't nobody else see it, baby, you got it  
You better know I got my eyes on you, you got it  
And it tastes like, "Mm, mm-hmm, mm-hmm"  
You taste like, "Mm, mm-hmm, mm-hmm"  
You got it (You got it)  
Don't nobody else see it, baby, you got it  
You better know I got my eyes on you, you got it  
And it tastes like, "Mm, mm-hmm, mm-hmm"  
You taste like, "Mm, mm-hmm, mm-hmm" (You got it)

Why do I fuck with you so much?  
I don't know, it's like  
When I lay beside you, it's like nothin' else matters  
It's just different with you  
I guess, I just love the way you make me feel  
I just, I guess I feel safe with you

Mm, mm-hmm, mm-hmm  
Mm, mm-hmm, mm-hmm  
Don't nobody else see it, baby, you got it  
You better know I got my eyes on you, you got it  
And it tastes like, "Mm, mm-hmm, mm-hmm"  
You taste like, "Mm, mm-hmm, mm-hmm"  
You got it (You got it)  
Mm, mm-hmm, mm-hmm  
Mm, mm-hmm, mm-hmm (You got it)
