

Drip

Yung Joc

Yeah better, calm down
Bow down, I draw down
5 rounds

Drip [x15]

Ey Weezy
Let me talk to these niggas
Ok
Monkey nigga, better not slip
Feed your ass banana clips
Yeah, yeah I bust your head gasket
Leave you with a oil drip
And for the lettuce AKs not gon spit your cabbage
And she get tragically, cause now diamond fill with maggots
This ain't angus beef
You don't wanna order this
2 glocks like 2 pac
I'm on my thug immortal shit
GPS goons show up to yo quarness
Chrome with the pearly take you early
That's abortion bitch
Duck, duck, tape ya, wrap ya nigga, no balls
Don't slugs the same size as door knobs
Sixty seconds in and out
Pop, no prob
Blow ya whole face off
That's a blowjob
Shoot ya bitch in the throat
Too graphic? gotta paint a picture
So ya niggas grasp it
I call your momma tell her pre-order ya fuckin casket
Bury scary niggas I never been [?]

Soo woo to the beehive
Strapped like T.I.
I keep that bitch on me
Like the Book Of Eli
I just shoot 'em all
So I don't have to de-cide
Spit your body up
They gotta bury ya ass 3 times
Run up in ya house
Leave ya brains on the couch
Shoot up everything, the fuck is ayman about
Empty that clip, than that bitch slide out
Continue that procedure till them pussy's dried out
I'm a east side gangsta, I ain't never been a busta
Nina is a cold black bitch but I trust her
I don't need a psychic to tell me I'm a hustla
Cause bitch, I'm all about my paper, like usher

I know chris, decepticon
Clips transform ya

Leave niggas, ghost activity, paranormal
For my piece of the pie, ha-ha-ha digorno
Bullets burn, make em dance, disco inferno

Back to the subject, I'll kill ya in a heart beat
I put bullet hole in everything, except the car seat
Young money bitch, I shoot one gun and switch
When the cops came the body still twitched (still twitched)

Keep thuggin, you cute, you just floatin with death
That's a straight suicide, don't bury yourself
Scared but can't run, that's the stall factor
And if that automatic rap I bet they all scatter
Haiti eartquake 'em, make they wall shatter
Penetrate [?] splatter they gallbladders
