

it work

Yung Kayo

It work
It work (808 my crew)
Do, it work (What, hit me, what's up?)
Anything that I do, it work (Work)

(Work) It work (Work), it work
(Work) It work (Work), her
Her, she work
Work the Perc'
Purr, got bag
Bag in church

Never could go out sad, everyday I'm touchin' that curb
Give a lil' bitch rug burn like Aladdin, one K for a shirt
I got purp if you heard
Haters on my feet, look when they lurk
Everything I get his and hers
Bitch use two hands like we in church
How I get madder, [?] the presents, making my check up
I put the ball in the muhfuckin' net, baby makin' a pool like it's leveled
She tryna get back but she know she can't keep her
I get the green, watch me seam like a eagle
How you my bitch? I deal with different people
I'm in New York with denims since it's easy
Makin' it work, makin' it work
I get your bitch, makin' it twerk
We showin' back, this not a swerve
She say it's love, more like curse
I got a hunnid, smokin' on earth
Know that I'm leapin', more like Kermit
I got a strap on me just like a [?]
I thought I left with gang [?]
I'm on the [?]
Eat like a dove and I wake up with packs
She not a keeper, you know okay walkin' with that
Shinin' like VV, bringin' my greenlight, get muhfuckin' crack
All of my niggas go crazy, yeah, hop on the E way, we muhfuckin' tippin'
[?] washin' the dishes, hunnids in the kitchen
I run off the 'Woods in the telly, them bitches are having [?] intermission
Off a opp, he don't know how to kick it
I'ma talk, you know that's not a trick, bitch
Lick on that bitch like it's Nesquik
Did it for years, so I'm more than a bachelor

(Work) It work (Work), it work
(Work) It work (Work), her
Her, she work
Work the Perc'
Purr, got bag
Bag in church
