

Oh  
Oh, oh

Baby, baby just pick up to me  
I just been lyin' bout my chain, I just wanna hear a ring  
I know you wan' see a ring, baby I got off the bean  
Got Louis V like I talk to Louis  
Kickin' in KIKO, a thousand a piece

Head Costa Rica, ruby my teeth  
I got a thick ho, right on the beach  
Swipin' a green card, this not a Visa  
I just been pleasing, I bless ya and I sneeze ya  
Ran by your man and I bet he not breathing  
Run through your ho and I know she not squeaking  
These diamonds polar, she sleeping four seasons  
You upgrade that shit, ain't know how you ain't be dumb  
Hold up, you got to hold my cup  
Told 'em hold up, you got to hold my runts  
Told roll up, you got to roll my blunts  
Wan' pole up?, we got the poles in the trunk  
It's a four door, we got the hoes in the house  
Pick up the Rolls and I'm rollin' about  
Pick up the hoes, pick up the Rolls, pick up the gold  
I pick up the mows, I pick up the folks, I pick up the bros  
Know I got money galore, I'm stacking the Prada and Nike clothes  
I had to hop out the ho, I had to hop out to just put it on  
I wanna let go the Palm, I wanna let go the love

Baby, baby just pick up to me  
I just been lyin' bout my chain, I just wanna hear a ring  
I know you wan' see a ring, baby I got off the bean  
Got Louis V like I talk to Louis  
Kickin' in KIKO, a thousand a piece

How you doin', nice to meet ya  
Ride around, 'cognito  
Bitch sound like a beetle, whip so white, can't hide in it  
I'm so [?] feelings  
Ridin' in a roof and the sky in it  
And the sky in it  
And the sky in it  
Ride around with the hollow tip in  
Ride around we gon' hop out tinning  
I just wanna know you missing, hey

Baby, baby just pick up to me  
I just been lyin' bout my chain, I just wanna hear a ring  
I know you wan' see a ring, baby I got off the bean  
Got Louis V like I talk to Louis  
Kickin' it, KIKO, a thousand a piece
