

# Blue Plastic

Yung Lean

Sew me up, I can be your doll  
Stuff me with colour and take it all  
Make me hope make me walk on mars  
Back in your bedroom like every fall  
Nothing to do here, been gone so long  
Nothing to do here, been here so long  
Everyone's got ideas but they all wrong  
Nobody wants to get it but they're all foretold  
Nobody gives a fuck, I'm not the one to talk  
Nobody gives a fuck, I'm not the one to talk

Baby Blue Plastic, wrap me around  
Exploding like fragments onto the ground  
Wanna be like magic, burning, not found  
I exposed myself, I'm done, I'm down  
I'm done, I'm down  
Fuck it, I'm done, I'm down

Baby Blue Plastic, wrap me around  
Exploding like fragments onto the ground  
Wanna be like magic, burning, not found  
I exposed myself, I'm done, I'm down  
I'm done, I'm down  
Fuck it, I'm done, I'm down
