

# Bullets

Yung Lean

Blood red dread  
She smells of success  
Reminds me of death  
Blood red dread, red  
Blood red dread  
Smells of success  
Reminds me of death  
Red, red, red  
Reminds me of death

Bullets tear through flesh  
Arrows through my head  
B-B-Bullets tear through flesh (Flesh, flesh)  
Arrows through my head (Head)

Standing in the flesh  
It's running through my head  
Glory, blood and sweat  
The king that never rests

Eyes without a face  
What's a bug without a name?  
Time after time after time again  
Chaos reigns, and it reigns, and it reigns  
Deny love, fatal blow

Ooh, ooh (Blood red)  
Nothing to miss (Oh)  
Nowhere but [?]  
Oh

She makes hearts  
She makes hearts pump with no blood  
What you search for is invisible  
We so cold, it's cold where we are  
She don't stop  
(Reunited)

Bullets tear through flesh  
Arrows through my head  
B-B-Bullets tear through flesh (Flesh, flesh)  
Arrows through my head (Head)  
Bullets tear through flesh  
Arrows through my head  
B-B-Bullets tear through flesh (Flesh, flesh)  
Arrows through my head (Head)

Standing in the flesh (Standing in the)  
It's running through my head  
Glory, blood and sweat  
The king that never rests
