

Dance in the Dark

Yung Lean

Dance in the dark
Dance in the dark
Dance in the dark

Dance in the dark (Dance)
You make it so obvious
And it ain't my fault but (Dance)
Light a candle in an all-white dress
In the back of the bar (Back)
We gamble like the mafia
You know I'm a star (Star)
Angel dust in the fairy world
Tonight she skips this bar
Paralyzed, sleep like Morpheus
Spent three bands in a bar
When he do he's so oblivious

I'm gone, I'm gone, fly away and I'm gone
Rhinestones, rhinestones, shining like a rhinestone
Limestones, limestones, in a cave like limestones
I am off this lean, I move slow like a rhino
I'm gone, I'm gone, yeah, you know that I'm gone
She's a dancer in the dark, move like tango
Rambo, Rambo, hit the jungle like I'm Rambo
Dancer in the dark, no heart, just sparks (Sparks, sparks, sparks)
Obvious

Dance in the dark (Dance)
You make it so obvious
And it ain't my fault but (Dance)
Light a candle in an all-white dress
In the back of the bar (Back)
We gamble like the mafia
You know I'm a star (Star)
Angel dust in the fairy world
Tonight she skips this bar
Paralyzed, sleep like Morpheus
Spent three bands in a bar
When he do he's so oblivious
