Bitch know I'm always outside with my niggas
Ride 'til the end, 'til we touch the sky nigga
Everywhere we go, shawty, keep the shine with us
Niggas with snow, they can come outside with us

Red in my cup, and I'm counting up figures
I make the sun, how I shine for my niggas
I'm overseas where the money knots bigger
Niggas know they can't step outside with us

Walk in the store with the neon diamonds
Anywhere that I go, keep my boys behind me
Drain, Goth, Sad Money, Mafia Island
Red neon cup, yeah, I got drank inside it
Yeah, I'm dripped out, sipped out, laser, ride my whip out
Astroboy, bitch, yeah, I'm grimy, always stick out, Lean
