

# Hellraiser

Yung Lean

Evil-doer, hellraiser  
What you doin'? Gettin' paper  
Evil twin, ride with lasers, we not ravers  
Darth Vader, dark fable  
Ziploc bags, we ducktape 'em  
I'm not stable, paper chasin', where you from?  
Leandoer, undertaker  
What you want? Prada blazer  
Eyes like taste, the flame, kush, I'm on  
Make-a-wish, starglazer (Oh-oh)  
Great car, racin', I feel like Obi-Wan

What you wish? Stargazing, car racing  
You know I can't write no love statement  
Yeah, we heartbreakers, yeah  
Hotboxing, got no stopwatch in the star nation  
And we skrrt from the star fragrance, hellraisin'  
Suicide doors on the limousine, self-hatred  
Live your dreams, don't chase 'em (Ayy)  
Pull up in black leather, change the weather  
I move silent like a black feather  
Stack getter, play for keeps

Hellraisin', destiny  
Tomorrow I'll be me  
Tomorrow I'll be free

Evil-doer, hellraiser  
What you doin'? Gettin' paper  
Evil twin, ride with laser, we not ravers  
Darth Vader, dark fable  
Ziploc bags, we ducktape 'em  
I'm not stable, paper chasin', where you from?  
Leandoer, undertaker
