Yung Lean

I'm not looking for you
I'm not for you
I'm not for you
I'm not for you
I'm not looking for you
I'm not for you
I'm not for you

Pop, pop, pop, drop this top, top, top
I roll like a rock, rock n roll to the top
I dont give a motherfuck, watchin' starwars smokin' pot
I take what I got, I live till it stops
Chop, chop chop, all my lungs stay rot
I take what I got, you hate that you're not
Like me and me I don't give a motherfuck
What I am, what I'm not, polo down to my socks

What person, they can't stop, I fly to the top
F-f-fuck what you got, I'm off a pill, rollin' like a rock
White diamonds countin' guap, I got marble on my watch
I got slam doors out the front, I'll keep goin' till I'm out
I got pockets like the plug, I'm movin' 'round all day
Fade to grey, everythin' can't stay
I smoke so much, went away
I'm in leanworld, l-l-let my mind stay
Whichever today, I love my brothers, we gon' slay

I'm not for you
I'm not for you

I miss some places, I wish we lived on another earth
You think you hate me, I know that it hurts
Burn, burn, burn, my turn, turn, turn
Burn, burn, burn, my turn, turn, turn
I miss some places, I wish we lived on another earth
You think I hate you, I know that it hurts
I burned, burned, burned, my turn, turn, turns
Take a way and yearn, yearn, yearn

I'm not for you
I'm not for you
I'm not for you
I'm not looking for you
I'm not for you
I'm not for you

Pop, pop, pop, drop this top, top, top
I roll like a rock, rock n roll to the top
I dont give a motherfuck, watchin' starwars smokin' pot
I take what I got, I live till it stops
Chop, chop chop, all my lungs stay rot
I take what I got, you hate that you're not
Like me and me I don't give a motherfuck
What I am, what I'm not, polo down to my socks

I'm not looking for you
I'm not for you

I'm not for you
I'm not for you
I'm not looking for you
I'm not for you
I'm not for you
