

My Agenda

Yung Lean

Tongue pour, sweat drop, head high, heart stop
Winter drugs, summer death (That shit eat my leg up)
Bedbugs, insane, gang, I'm fed up
Get up off the pavement, give a fuck where I end up
Late nights, end up, Rugrats, stand up
Riding in the Chevrolet, crack you like you chestnut
I get back, get up Willy Wonka colored bus
World of snakes so these butterflies get corrupt

Waiting for me, you'll all die

Dead town, dead cops, head low, bedrock
Chopping teriyaki in the sushi shop, get chopped
My house, dead stop, knife shine, so sharp
Team of addicts and bosses, we bossed up (Bossed up)
Your gang so sus', no, you can't hang with us
Bigger than religion, I'm your sensei, I'm your mentor
Heads fly, head out, we in Boston like the Red Sox
All-star, no face, ski mask my agenda

All-star, no face, ski mask my agenda
