

# Outta My Head

Yung Lean

I'm off an oxy, I need claritin  
Fu-fuck 'em, I don't care  
Twenty for a verse, Yung Lean, I'm everywhere (These nerds got the best of me)  
She push me down the stairs  
I'm almost at the edge, I need remedies (So, I don't care)  
Big, big deal, son  
Sub-zero ice, leave it all behind (Left all of my sanity)  
Did my time  
Clear blue skies, smoke, clear blue eyes (All of my vanity)  
Fuck 'em, I don't care  
Don't wanna be near you or breathe your air (Air)  
I'll see you there  
You got no loyalty, so I leave you there (Left all of my sanity)  
Right where you stand  
Never thought it was part of the plan  
Get you out of my head, get you out of my head  
Get you out of my head, get you out of my head (My head)

You don't need your friends, you don't need yourself  
I don't need no wealth  
Wish I had better health, take care of myself  
And just stack two L's  
Call my girl when I want, might stay in there for a month  
Fuck the room, fuck the cost  
I can't get you out of my head, get you out of my head  
Get you out of my head

(Girl, I'll give you anything  
Baby, are you sure this is what you want?  
To tell you the truth, I don't trust myself)

Talking 'bout the real things  
My intention wasn't always honest  
I don't wanna talk about your feelings  
Can we just live in the moment?  
(We can talk about it in the morning)  
Baby girl, I know you adore me  
Feel my body shivering ('vering)  
To tell you the truth, I'll give you hell

You don't need your friends, you don't need yourself  
I don't need no wealth  
Wish I had better health, take care of myself  
And just stack two L's  
Call my girl when I want, might stay in there for a month  
Fuck the room, fuck the cost  
I can't get you out of my head, get you out of my head  
Get you out of my head  
Call my girl when I want, might stay in there for a month  
Fuck the room, fuck the cost  
I can't get you out of my head, get you out of my head  
Get you out of my head

On my head  
On my head  
Get you out of my head (My head)

On my head  
On my head  
Get you out of my head (My head)
