

## Re-Charge

Yung Lean

Recharge my whole life  
Upload all my sorrow  
Smoking, feeling so nice  
No tomorrow

Leave out the hotel exit  
They gon' leave you when you least expect it  
I'm expected to be reckless, I don't need acceptance  
Tan lines on my necklace, ocean water for breakfast  
Smoking like my lungs infected  
Smoking out in Vancouver, I be on an all time high  
Pink slippers, pink slip- ca-catch me sippin' Indian chai  
Do you still wanna die? Sometimes I feel nice  
Most times it feels right, re-charge, re-live and re-die  
We get, Asics on my feet  
Edward Norton, no sleep  
Out in Dubai for three weeks  
I be with my team  
White phone, no clone  
Lean, lean, a broken home  
Fuck with me, I'll break your bones

Recharge my whole life  
Upload all my sorrow  
Smoking, feeling so nice  
No tomorrow

I be getting money like my first name Curren\$y  
Switching lanes, switch address like they heard of me  
The further we go, I'ma put you in the snow  
I'ma leave you where it's cold  
Do you wanna recharge?  
Penthouse on Mars  
Bars like a prisoner  
I could be your minister  
Dreams looking sinister  
I could be your minister  
Dreams looking sinister

Recharge my whole life  
Upload all my sorrow  
Smoking, feeling so nice  
No tomorrow
