

# Stay Down

Yung Lean

Way up  
Way up  
Some up

I'm rollin' blowin away, the days are the same  
10 pills in my pocket, I keep blowin' my faith  
R-r-rollin' down the window, white widow, fuck fame  
Forest fire, climbin' higher, real life, it can wait  
I'm rollin' blowin away, the days look the same  
10 pills in my pocket, I keep blowin' my faith  
R-r-rollin' down the window, white widow, fuck fame  
Forest fire, climbin' higher, real life, it can wait

I gotta stay down, stay down, stay down  
I guess I gotta stay down, stay down, stay down  
Forever, I'll be around, around, around  
Forever, I'll be around, around someway up

Nitrous oxide, I've seen the world collide  
I lost count of all the times, she ask me why  
Ma-ma-magic in her eyes, Leandroer's paradise  
All my, all my, boys off drugs, I've been lost in this life  
Fire flames, color red, 'member recent times  
Stacks of shoes, got soo many, don't really the 'mount  
When it's hot outside, I copped me some ice  
Travel in disguise, I see trouble in her eyes  
Mix it with fanta, not with sprite, wings from Calvin Klein  
Forever I'll fly, all the times I remind, cause some way...  
Way high up in the sky  
I got a white shirt and a tangerine belt  
In a winter where the snow don't melt  
Cause I keep to myself  
Cause I keep to myself

I'm rollin' blowin away, the days are the same  
10 pills in my pocket, I keep blowin' my faith  
R-r-rollin' down the window, white widow, fuck fame  
Forest fire, climbin' higher, real life, it can wait  
I'm rollin' blowin away, the days look the same  
10 pills in my pocket, I keep blowin' my faith  
R-r-rollin' down the window, white widow, fuck fame  
Forest fire, climbin' higher, real life, it can wait  
I'm rollin' blowin away, the days are the same  
10 pills in my pocket, I keep blowin' my faith  
Rubber, rollin' down the window, white widow, fuck fame  
Forest fire, climbin' higher, real life, it can wait

I gotta stay down, stay down, stay down  
I guess I gotta stay down, stay down, stay down  
Forever, I'll be around, around, around  
Forever, I'll be around, around someway up
