

Violent Lullaby

Yung Lean

Antwan Dixon grindin I be grindin through the dirty snow
Dirty soul
Halloween mask we like 30 holes
Sturdy flow
Maybe you don't feel me but you heard me though
Hurry though
Feel like leather face in my furry coat
Worried soul
Lullabies you sing they don't work no more
Work no more

Ayy if she don't sing the song herself then it don't work no more
She used to tuck me into bed but now I'm hurt alone

Let the hummingbird sing me to bed
This the wrong lullaby I wish it were you instead
Let the hummingbird sing me to bed
This a violent lullaby I wish it were you in bed

I ain't Swedish but if I get the drop I'm Finna Stalk homes
Keep your eyes ahead of the curve and watch out for the potholes
He was trolling now he in a box them boys box trolls
He used to rob now he a fed but he sure but he sure lock homes

I put a silencer on the K
I put the K in knowledge
Me and Mo were still on campus we don't go to college
Me and lean straight bars non alcoholics
Screaming do it like Shia Labeouf shit be getting Brolic

She fell in love with lean don't wanna leave she got the syndrome
Heroes Journey through the Forest feel Barry Lyndon
Never cared about these labels did it myself with my days 1
Playing chess with death
I'm leaving clues like Earle Windome

(Let's go)
Let the hummingbird sing me to bed
This the wrong lullaby I wish it were you instead
Let the hummingbird sing me to bed
This a violent lullaby I wish it were you in bed

Let the hummingbird sing me to bed
This the wrong lullaby I wish it were you instead
Let the hummingbird sing me to bed
This a violent lullaby I wish it were you in bed

Violent lullaby
Violent lullabies
Violent lullaby
Violent lullaby

Sad boys, emotional boys
They got the dreidel man in Sweden
Drain gang, water
World affairs, all that
Lean

Dreidel man, dreidel gang
Always spin the dreidel, even if it's fatal
Young Leandoer, let's go
