

1.5 Way Or No Way

Yung Mal

Lil' girl due any day now
Know what I'm sayin'?
You know my— when she'll be here

My lil' girl on the way
Ain't stackin' it up, I been savin' my cake
Both of my baby mamas, yeah, they straight
Nigga, I'm good, my mama, she straight
My whole gang good, they with me today
Finna drop another tape, just give me a date
Gotta run 'em over if they get in my way
Got in my bag, but didn't go MIA
I grew up in the street when my dad passed away
Seen Dominique fight for his life in my face
I was eighteen, judge tried to put me away
They killed Plug at the store before I beat my case
Been through it all, but a nigga still didn't break
Why you think I go hard and I don't take a break?
Why you think I stay strapped? 'Cause I know niggas hate
I'ma keep that shit real, can't relate to the fake
I'ma stay the same, don't care 'bout how much I make

It's 1.5 way or no way
All gas, nigga, no brakes
We got that all white, ain't talkin' Colgate
Off-White J's, but I don't take no off-days
Glock on me when I'm on and I'm offstage
Big Mal, bitch, yes, I'm cold like the ice age
Candler road, nigga, pull up rockin' Cartier
It's a good day, I'ma switch out my car today
I pray they let my dawg right out the cage
I was fucked up, I was goin' through a phase
I had to beat down the trap like a slave
Ride with that chopper like I'm in the Navy
I was just broke, I came up, I amazed 'em
I turned this shit to a whole damn label
They thought I wasn't able, huh
I'm hot, but my thoughts be stable
Every day I wake up, I'm chasin' paper, nigga
