Rockin' this custom drip (Drip)

I drip so hard, make you drop a tear

That check just cleared, that bag secure (Check)

2020, nigga, this my year (My year)

Porsche 911, I pull up, I'm switchin' the gear (Pull up)

Niggas be broke, ain't gettin' no fetty, how could you dare? (Huh?)

We get the money over here (Yeah)

You ain't, better stay your broke ass over there

Rockin' Moncler, y'all niggas square

Rocks in my ear, keep a Glock right here

Some of 'em changed, they not right here (Fuck 'em)

Got chains on my neck and my watch is crystal clear

Yeah, yeah, don't drink beer, might sip on Belaire

My bitch rare (She rare)

I keep it real, trunk in the front, engine the rear (Go)

Get out of there

Brother got life and I wish he was here (Damn)

Run up them M's, you get an appeal

My young nigga pop you, he not on a pill

Close your ears

Fire your shit up like a grill

Chasin' that money, I can't even chill

Hate if you want, that's how niggas get killed

Why the fuck do they hate? I have no idea

They way down there, I'm way up here

I got a show, fly on the Lear

Bitch, I'm a G.O.A.T., these niggas weird

Come get your ho, she all in my ear

Put dick in her throat

Can't go to sleep, always woke, I gotta stay focused

Gotta go harder than hard (Go hard), that's when they notice

I drip like an ocean
