

# Tomorrow

Yung Mal

Cook that shit up, Quay  
Yeah, 1'5  
Know a lot of young niggas didn't make it to see tomorrow

We set the trend, these niggas follow  
Deuces a ten, blue hundreds, Wells Fargo  
Yeah I keep that stick, it go where I go  
Back street riding, I'm dodging these potholes  
We smoke the best, cookies gelato  
We got that check, didn't hit the lotto  
These niggas stressed, these niggas borrowed  
I'll give you all strength, it be gone by tomorrow  
Here for the day, ain't promised tomorrow  
They see you today, they be gone tomorrow  
Old school today, foreign tomorrow  
Get the frontend today and the backend tomorrow  
Got a play out of state, he'll be here by tomorrow  
I met him today, got a play for tomorrow  
I'm stuck with that K, today and tomorrow  
If a nigga gon' hate, his funeral tomorrow

I made it today, gotta pray for tomorrow  
I need this shit now, I can't wait on tomorrow  
If a nigga want hate, he get hit with the carbon  
It's kind of like the night, you'll wake in the morning  
I done lost a real nigga, won't see him tomorrow  
He was caught with a five, they wasn't doin' no bargainin'  
I stay strapped with a fire, I ain't doin' no arguin'  
Got this shit on my own, I ain't doin' no borrowin'  
It's a backwood down, roll cookie, gelato  
Backstreet riding down, pourin' lean with a pothole  
Keep a stick in the front, it gon' go wherever I go  
We set the trend and these niggas follow  
Deuces a ten, blue hundreds, Wells Fargo  
Gotta do it again when I get up tomorrow  
Gotta live for the day, it ain't promised tomorrow  
So I'm strapped with that drake today and tomorrow

We set the trend, these niggas follow  
Deuces a ten, blue hundreds, Wells Fargo
