Fuck a bad bitch, yeah, that pussy hit like water  
These niggas broke and they thirsty, man they need some water  
I'm rollin' dope on the boat, my cup fell in the water  
That bitch got water, real water  
Fiji water, she be drippin' when I'm walkin'  
Back then we was poor, didn't even have no water  
Now we get the backend and we spend it on some water
