

Antisocial

Yung Pinch

I told you over and over again
If you don't know me, I don't know you
Yeah (Beach Boy in this ho), look

I told you over and over again (Over and over again)
When it's over, it's over, it ends
I don't care what you do with your free time
I don't know where you go with your friends

I'm antisocial, if you don't know me, I don't know you
Put my whole life in these Pro Tools
Antisocial, you might never know what I go through
Bunch of transmissions from my home stu'

Tryna' tell the half of it, they don't even know the half of it
Made a couple records then I went and got a bag from it
They wanna see you down bad
Ain't no matter what you do, you will never come back from it

Yeah, it's hard to believe (It's hard to believe)
How easy it can be for your eyes to deceive you
You see what you wanna see (You see what you wanna see)
The apple fell on Eve, now the lies will mislead you (Yeah, yeah, yeah)
Back to the dark side, it's like a thirty-minute car ride
Are you half, are you part-time?
'Cause I been working full-time
No scholarship, had to pass on the full ride

I told you over and over again (Over and over again)
When it's over, it's over, it ends
I don't care what you do with your free time
I don't know where you go with your friends

I'm antisocial, if you don't know me, I don't know you
Put my whole life in these Pro Tools
Antisocial, you might never know what I go through
Bunch of transmissions from my home stu'

Tryna' tell the half of it, they don't even know the half of it (Made
a couple records then I-)
Turn a little to a lot, now they mad 'cause it
Treat me like an outcast
Ain't no matter what I do, I will never come back from it

Yeah, it's hard to believe
How easy it can be for your eyes to deceive you
You see what you wanna see
The apple fell on Eve, now the lies will mislead you
Back to the dark side, come to the dark side
Antisocial, you might never know what I go through
