

# Hanging With Ghosts

Yung Pinch

Yeah  
Look  
Your friends are ghost  
They don't even know  
When you need them most  
They don't even show  
If you say so  
Then I won't go  
I'll stay right here when your all alone  
Hanging with ghosts

I feel like we are out of line  
Out of sight that means out of mind  
When we talk tension is on the line  
She's psycho  
Might choke  
On these high notes  
I wrote  
For you  
To show I adore you  
Don't think I'm lying when I'm not  
Your better off and I'll be  
Therefore you when feeling lost  
But you would be lost without me  
Don't you forget me  
Don't you forget me  
Don't you forget me  
Don't you forget me

Your friends are ghost  
They don't even know  
When you need them most  
They don't even show  
If you say so  
Then I won't go  
I'll stay right here when your all alone  
Hanging with ghosts

Your friends are ghost  
They don't even know  
When you need them most  
They don't even show  
If you say so  
Then I won't go  
I'll stay right here when your all alone  
Hanging with ghosts
