

Issues

Yung Pinch

I have issues
That can't be fixed by tissues or I miss you's

Look
I have issues
That can't be fixed by tissues or I miss you's
Can't forget about pain I feel
After all I been thru
I know this ain't what you wanna hear
But it's not that simple
After all these years
After all these years

Ya I have issues
That can't be fixed with all these things I misuse
If I keep drinking now might drown in this juice
I can't believe I can't believe this the way for me
Down here without you ain't the place to be
Take my soul it's all yours anyway
My mind is gone away in different place
Far from here it's best if we didn't go
I promise dear it's better in the videos
I promise dear it's better in the videos
I promise dear its best if you didn't know

I have issues
That can't be fixed by tissues or I miss you's
Can't forget about pain I feel
After all I been thru
I know this ain't what you wanna hear
But it's not that simple
After all these years
After all these years

It's been a long long time putting on for the city
Foreign cars outside come and ride it with me
Hardly alone cuz you so damn pretty
But you all on your own when this shit get sticky
You could tell me I'm wrong
Ya
You could tell me I'm wrong
Ya
I know what it's like
But you gotta turn nothing into something
Ya when it gets Cold in the night
And you're mind starts running over nothing
Ya Gotta move on gotta fight
Gotta keep your head strong when this shit get hard
Ya you gotta move on with your life
Time don't heal all it just covers up the scars yaya

I have issues
That can't be fixed by tissues or I miss you's
Can't forget about pain I feel
After all I been thru
I know this ain't what you wanna hear
But it's not that simple

After all these years
After all these years

I have issues
That can't be fixed by tissues or I miss you's
Can't forget about pain I feel
After all I been thru
I know this ain't what you wanna hear
But it's not that simple
After all these years
After all these years
