Yung Pinch

I been thinkin' 'bout forever ('Bout forever)
And how nothin' lasts forever (Uh-huh)
Wonder when my time is up, will I be remembered? (I wonder)
Does it really matter in the end? Or it's whatever
Are these people 'round me really friends? Shit (I don't know)
Any time that things got hard and I could feel the pressure (What happened?)
Somewhere deep inside my heart, I knew it would get better (It would get better)
All these different things I done
All these different lives I lived
Really, this shit's just begun
Sometimes, it feels like the end
Yeah, it takes some time to find what matters most
The time is of the essence when you find out just how fast it goes
Lookin' at my brother, trippin' on how fast he grows
Through all the changes, you know Mason always at my shows
Miss my brother Jones and how he told me jokes
But now he gettin' fly up in the sky, filled with the Holy Ghost (With the Holy Ghost)
Yeah, and I know Phil miss him most
But if he keep his spirits high, then who am I to sit and mope?
So raise yo' glass, we gon' make a toast (Make a toast)
'Fore we speed and crash, then up in flames we go (There we go)
Try not to lose control
Try not to lose your soul
So many days spent in my head, I was losin' hope
What kind of life is that? Not one that I wanna live
Count my blessings, I got so much that I got to give (Uh-huh)
Made some changes, now I'm focused on the positives
Let's make a difference 'fore we out this bitch, yeah

I been thinkin' 'bout forever ('Bout forever)
And how nothin' lasts forever (Uh-huh)
So much in my head, can't let it go unsaid (Can't let it go unsaid)
So I wrote you a letter
Yeah, yeah, I hope it reaches you
It's the least that I can do
After everything that we been through
All those times I wasn't 'round and you still held me down, yeah, yeah

I know they hate it when we prove 'em wrong (Prove 'em wrong)
They try to overcompensate it, but I'm movin' on (Movin' on)
Yeah, you slowly fadin' when the party's done (Ayy)
Why you always celebratin' when you hardly won?
Look, I'm proud of Matics and how far he's come (Look, how far he's come)
Tryna see how far we take it, only time will tell (Ayy)
Might just leave the country and go fly around
Find a piece to land somewhere sunny and go buy the hill (Buy the hill)
Build some houses for my family once we strike a deal (Strike a deal)
Lookin' at this money like, "I might as well" (Shit, I might as well)
One in Greece, one in London, I always liked Brazil (Uh-huh)
One in Costa Rica with a private beach to chill
I wanna see Ibiza, shit, I wanna see the world (I wanna see the world)
I want a yacht so we can travel 'cross the seas, for real (Let's go)
Helicopter pad to the beach at one
Lookin' like the Wolf of Wall Street without the need to run
I'm tryna spend my days underneath the sun (Underneath the sun)

Yeah, I'm tryna make some change, tryna teach 'em young (Facts)
But money, power, fame will make the evil come
Pussy, drugs, and weed, they want the cheapest one (They want the cheapest one)
Look, watch the blind lead the blind (Woah)
Lookin' at the world and most the things that you gon' find
Send chills up both yo' arms and send tingles down yo' spine (Uh-huh)
Could change the way you look, but can't water into wine (Into wine)
Yeah, I wanna have my cake and eat it too (Yeah)
Flyin' to the city just to eat some food (Just to eat some food)
I'm on a mission and from me to you
I'm on some get rich or die tryin', we gon' see it through (We gon' see it through)

I been thinkin' 'bout forever ('Bout forever)
And how nothin' lasts forever (Uh-huh)
So much in my head, can't let it go unsaid (Can't let it go unsaid)
So I wrote you a letter
Yeah, yeah, I hope it reaches you
It's the least that I can do
After everything that we been through
All those times I wasn't 'round and you still held me down, yeah, yeah

(Yeah, yeah)
Yeah, yeah
