

Luv Me While I'm Here

Yung Pinch

The Atomics

Love me while I'm here, miss me when I'm gone
(Be strong in this world) yeah

I'll be by my lonely, ain't gon' hang round
People turnin' phony every day now
They actin' like they know me since the playground
Shoutout all my homies that have stayed down (yeah)
We gon' let it slide the way we know how
Party every night and take some hoes down
Never know unless your time to go out
So I might run the shit up just for jokes now, yeah

And shit will never be the same
Losin' everybody close to me forever, I'm in pain
I got angels watchin' over me and demons in my brain
This was never how it was supposed to be, yeah

No fake hugs when approaching me, that's from the heart
Only day ones gonna roll for free and that's on God
Used to be play dumb, now you know it's me, bitch I'm a star
And I pray every night when I go to sleep, think you should start

Yeah, 'cause nobody knows where you go when you die
Do you laugh, do you sing, do you float in the sky?
Does it hurt lookin' down on your folks as they cry
Is this heaven, is this hell? I don't know, I can't decide

Lately I been hopin' you could save me
From the dark in the night
It's been hard since you died
Lately I been feelin' like I ain't me
Can't feel my heartbeat inside
Yeah I'm hardly alive, yeah

I'll be by my lonely, ain't gon' hang round
'Cause people turnin' phony every day now
They actin' like they know me since the playground
Shoutout all my homies that have stayed down (yeah)
We gon' let it slide the way we know how
Party every night and take some hoes down
Never know unless your time to go out
So I might run the shit up just for jokes now, yeah

(I might run this shit up for my bros now, yeah
For my bros now, yeah)

You better love me while I'm here, miss me when I'm gone
It's okay to shed a tear, it's okay to carry on
Don't be so surprised, no it's not your fault
The higher that you rise girl the further you gon' fall

Nobody knows where you go when you die
Do you laugh, do you sing, do you float in the sky?
Does it hurt lookin' down on your folks as they cry
Is this heaven, is this hell? I don't know, I can't decide

Lately I been hopin' you could save me
From the dark in the night
It's been hard since you died
Lately I been feelin' like I ain't me
Can't feel my heartbeat inside
Yeah I'm hardly alive, yeah

I'll be by my lonely, ain't gon' hang round

Shoutout all my homies that have stayed down (yeah)
We gon' let it slide the way we know how
Party every night and take some hoes down

(I might run this shit up just for jokes now
Just for jokes now)
