

Rock With Us

Yung Pinch

Who you know that talk like this
North side beach boy I really walk like this
Yeah all the girls gonna flock to this
Don't matter where you from

Who you know that talk like this
North side beach boy I really walk like this
Yeah all the girls gonna flock to this
Don't matter where you from you could rock with us
O-o-O-O

Look
You could ride with us if you want
Another party in the Blunt Town, we gonna turn it up
Bottles in the backpack, bikes in the front
Lil mama looking at me like she might be in love
She might be in love
Real bad mamacita with the Henny in her cup
Hella patriotic with that flag on her on butt
Hopped on my handle bars and she passed me the blunt
Yeah we getting high on the West Side
Like everywhere we go
Homies on probation so we duckin' 5-0
Shawty soaking up the sun barely wearing any clothes
Party on the coast
Bring all of yo girlfriends leave all of yo bros
Feeling like a firework bitch I'm bouta blow
They love me everywhere, everywhere I go

Who you know that talk like this
North side beach boy I really walk like this
Yeah all the girls gonna flock to this
Don't matter where you from
