

# Trap Mode

Yung Pinch

I ain't ever seen you trap yea yea  
In yo trap mode woah

I know you seen me try  
I know you seen me fail  
And I ain't goin lie  
Only time gon tell  
Only time gon tell

Till I go back home  
I'm stuck inside the zone again  
Ya hoe  
You already know I'm in  
Trap mode  
You already know I been  
Trap mode  
Running up the dough again  
No cap  
I should join the money team  
Oh ya  
Money make em fuck with me  
All facts  
I could grow a money tree  
No contracts  
Gonna get the best of me

I been cooking they be tryna take the recipe  
Still keep 10 toes in the streets ain't talking sesame  
They gon act like they don't need you when they really do  
I just rock out like the beetles and I let it be  
I just rock out like the beetles and I let it be

I been cooking they be tryna take the recipe  
Still keep 10 toes in the streets ain't talking sesame  
They gon act like they don't need you when they really do  
I just rock out like the beetles and I let it be

I already had a vision back at 17  
Way before these politicians started selling dreams  
Yea they went and got it twisted and they changed on me  
Well I guess that's just the game homie

I know you seen me try  
I know you seen me fail  
And I ain't goin lie  
Only time gon tell  
Only time gon tell

Till I go back home  
I'm stuck inside the zone again  
Ya hoe  
You already know I'm in  
Trap mode  
You already know I been  
Trap mode  
Running up the dough again  
No cap

I should join the money team  
Oh ya  
Money make em fuck with me  
All facts  
I could grow a money tree  
No contracts  
Gonna get the best of me

Bet you gon pop that shit  
You ain't even trap like me  
Never seen a trap before  
But you gon pop that shit  
I ain't ever seen you trap yea yea  
I ain't ever seen you trap yea yea  
In you trap mode woah  
Bet you gon pop that shit
