Yung Tory

(Kevin Rolly)

(I told her I want her, she told me she want  
I told her I'm plug, she told me...)

She got her nails done, hair done, drip, all that  
Showed her nigga she want that  
I tell them bitches fall back  
Aw, aw, yeah  
Girl, don't leave, you should stay  
I can't give you away  
Girl, I need you today  
Need you today, girl, I need you today

Fuck around, let's fuck around  
I wan' get a Rollie, bust it down  
What you want? It ain't nothin' now  
She see me with a ho, now she cussin' out  
Can't play me like a sucker now  
I know they watchin', yeah, they all around  
Told my shawty that I'm stuck with you  
You niggas lame, I don't fuck with you  
I'm the teacher, you a substitute  
Take your bitch and teach her how to suck the crew  
I been on my shit, it ain't nothin' new  
Baby, hold it down, I put my trust in you  
She say, "I see a thug in you"  
Shawty, I can't even see me dogging you  
I don't want a little, I want all of you  
Shawty, I been callin', I been callin' you  
You know you the shit so they gon' follow you  
Bad bitch, she do what she wanna do  
You better make way when she walkin' through  
Red carpet shit, red carpet drip

She got her nails done, hair done, drip, all that  
Showed her nigga she want that  
I tell them bitches fall back  
Aw, aw, yeah  
Girl, don't leave, you should stay  
I can't give you away  
Girl, I need you today  
Need you today, girl, I need you today
