

## My Bad

Yung Tory

She say I'm a bad guy, got my sack right  
Got so drunk that I can't remember last night  
Sacked up, that's right  
Sacked up  
Ayy, and she got a fat ass  
So I want a lap dance  
I be livin' fast, fast  
That's your bitch? I ain't know, my bad

She wanna do me, yeah, make a movie, yeah  
That's your bitch? She gave me top in the jacuzzi, yeah  
Bust it, bust it, bust it, bust it, like an Uzi, yeah  
In a foreign country, foreign bitch, that's my super nat'  
I'm sippin' Henny, Henny today  
She just met me, she fuck me today  
She so sexy, I think she my bae  
Her name Lexi and she from the States  
You so poppin', I know you my type  
I been thinkin' 'bout changin' your life  
I be sippin' this dark, no white  
She wanna give me her heart, alright  
Livin' fast, I don't stop at the light  
She a junkie, she off of the white  
I'm a boss so talk to me right  
Takin' off, I'm catchin' a flight  
Whole gang, with the whole gang  
You a party but your ho came  
White bitch, call her snowflake  
Take her to the crib, goin' all day

Got my sack right  
Got so drunk that I can't remember last night  
Sacked up, that's right  
Sacked up  
Ayy, and she got a fat ass  
So I want a lap dance  
I be livin' fast, fast  
That's your bitch? I ain't know, my bad

(My bad, my bad, my bad  
My bad, my bad, my bad  
My bad, my bad, my bad, ah)
