She see I'm lit she tryna get with me
I used to dream about this shit and now I'm livin' it
I put the D all in your bitch she want relationships
I never been the type to give a fuck I'm ignorant
I never seen a hoe that wouldn't go that don't exist
I never see you countin' dough but on the gram you rich
I never listen to these niggas they be talkin' shit
I never been to europe I think I might cop a crib
