YUNGBLUD

I'm just a fleabag  
Nobody loves me  
Send me to rehab  
Somebody touch me  
I wanna turn back time  
I wanna fix the way I was designed  
Crawl behind my eyes  
And kill my stale state of mind

I fade and fade, and every time  
I try to change, to change  
I stop

'Cause I'm just a fleabag  
Nobody loves me  
Send me to rehab  
Somebody touch me  
I'm not your monkey  
I'm not your puppet  
I'm just a fleabag  
Nobody loves me at all  
Hey, hey  
Nobody loves me  
Hey, hey  
Nobody loves me

I dance around the truth  
I'll be a ballerina boy for you  
No matter what I do  
You twist my words and get confused

So I fade and I fade  
And every time  
I try to change, to change  
I stop

'Cause I'm just a fleabag  
Nobody loves me  
Send me to rehab  
Somebody touch me  
I'm not your monkey  
I'm not your puppet  
I'm just a fleabag  
Nobody loves me at all  
Hey, hey  
Nobody loves me  
Hey, hey  
Nobody loves me

I'm just a fleabag  
Nobody loves me  
Send me to rehab  
Somebody touch me  
I'm not your monkey  
I'm not your puppet  
I'm just a fleabag  
Nobody loves me at all

Hey, hey  
Nobody loves me  
Hey, hey  
Nobody loves me at all
