YUNGBLUD

Hey, hey  
Hey, hey, hey  
Hey, hey  
Hey, hey, hey  
Hey

Time goes by a little less slowly  
When I'm out my mind (Hey)  
Thought you said, "I need you more than ever" (Hey, hey, hey, hey, hey)  
So why'd you have to hide?  
"I need you more than ever" (Hey)  
Don't let me die  
I need you more now (Hey, hey, hey, hey)

If I could tell you how I feel  
I know that you're still hurting too (Hey)  
No, I'm not broken  
I'm just scared to belong here (Hey, hey, hey, hey)  
Scared to be happier (Hey)  
If I could tell you how I feel  
I know that you're still hurting too (Hey)  
No I'm not broken  
I'm just scared to belong here (Hey, hey, hey)  
Scared to be happier (Hey)

To be happier (Hey, hey, hey, hey)

Take my heart  
And put it on a wall right next to (Hey)  
All your scars  
I thought you said you need me more than ever (Hey, hey, hey, hey, hey)  
So why you'd have to hide? (Why do you have to hide?)  
I need you more than ever  
Don't let me die  
I need you right now (Hey, hey, hey, hey)

If I could tell you how I feel  
I know that you're still hurting too (Hey)  
No, I'm not broken  
I'm just scared to belong here  
Scared to be happier (Hey, hey, hey, hey, hey)  
If I could tell you how I feel  
I know that you're still hurting too (Hey)  
No, I'm not broken  
I'm just scared to belong here  
Scared to be happier

Broken, I'm not broken, I'm not broken  
I'm just a little depressed  
I'm not broken (Hey), I'm not broken, I'm not broken  
I just need a rest (Hey, hey, hey, hey, hey)  
I'm not broken, not broken, not broken  
I'm just a little depressed  
I'm not broken (Hey), not broken, not broken  
I just need a rest (Hey, hey, hey, hey)

If I could tell you how I feel

I know that you're still hurting too (Hey)  
No, I'm not broken  
I'm just scared to belong here  
Scared to be happier (Hey, hey, hey, hey, hey; Ah!)  
If I could tell you how I feel  
I know that you're still hurting too (Hey)  
No, I'm not broken (Not broken)  
I'm just scared to belong here (Hey, hey, hey, hey)  
Scared to be happier (Hey)

Happier (Hey)  
Not broken (Hey, hey, hey, hey)
