YUNGBLUD

All you are is a self-fulfilling prophecy  
Product of your own temptation  
Live in your imagination  
All you are is a self-inflicting odyssey  
Tell me what inspires you lately  
And maybe I'll remember you vaguely  
Yeah

Superman, supermoon  
Tell me what inspires you lately  
Maybe I'll remember you vaguely

'Cause they won't ask if you're feeling strong enough  
'Cause they won't ask, they don't know what it is that they love  
Any more than you do  
So don't be sad  
Don't be sad

All you are is a self-fulfilling prophecy  
Product of your own temptation  
Live in your imagination  
All you are is a self-inflicting odyssey  
Tell me what inspires you lately  
Maybe I'll remember you vaguely  
Yeah

Superman, supermoon  
Tell me what inspires you lately  
Maybe I'll remember you vaguely

'Cause they won't ask if you're feeling strong enough  
'Cause they won't ask, they don't know what it is that they love  
Any more than you do  
So don't be sad  
Don't be sad

Yeah  
So alive when you're dead  
Yeah  
So alive when you're dead  
You're ready to go  
Ready where you wanna go

'Cause they won't ask if you're feeling strong enough  
'Cause they won't ask, they don't know what it is that they love  
Any more than you do  
So don't be sad  
Don't be sad
