YUNGBLUD

I feel left out, like a child
Every time that you're close
Every time that you walk through the door
I feel let down, is it fear?
Don't you feel my heart go
Every time you whisper in my ear?

'Cause everybody wants to feel love
Everybody wants to be adored-dored
Everybody wants to feel love
Everybody wants to be adored-dored

I can't keep holding my breath, God forbid you
Leave me like all the rest did
I'm in love again, and tomorrow I'll be sad
Take it out of my chest, God forbid you
Leave me like all the rest did
I'm in love again, and tomorrow I'll be sad

T'es sarcastique, tu me mens
Joues avec mes sentiments
Et moi j'sais plus quoi faire quand t'es devant (Haha)
Je veux plus qu'tu caches tes idées noires
Jette-les moi dans un mouchoir et jette-les moi
Allez donne-les, donne-les moi

J'ai vraiment envie d'te revoir
J'ai vraiment envie que tu m'adores-dores
J'ai vraiment envie d'te revoir
J'ai vraiment envie que tu m'adores-dores

I can't keep holding my breath, God forbid you
Leave me like all the rest did
I'm in love again, and tomorrow I'll be sad
Take it out of my chest, God forbid you
Leave me like all the rest did
I'm in love again, and tomorrow I'll be sad

J'ai décidé d'me retourner
T'es rev'nu me dire que tu m'aimais
J'ai hésité à r'commencer
Mais t'es rev'nu me dire que tu m'aimais
J'ai encore fini par tomber
Parce que t'es rev'nu m'dire que tu m'aimais
I decide to come outside
All I can say, all I can say, all I can say is it makes me sad

I'm in love, in love, in love
I'm in love again

Can't keep holding my breath, God forbid you
Leave me like all the rest did
I'm in love again (Ha)
And tomorrow I'll be sad (Tomorrow I'll be sad)
Take it out of my chest, God forbid you
Leave me like all the rest did
I'm in love again

And tomorrow I'll be sad (Tomorrow I'll be sad)
