

weird!

YUNGBLUD

I can't sleep
At this time
I got Jesus on my mind
And everybody seems to like him

I can't think
I can't lie
I feel anxious all the time
If i smiled I would be lying

Only those who are asleep don't make mistakes, get no critique
Seems everybody's worried bout the things that we are thinking
And when the remedy's the enemy
Hide self deprecation up your sleeve
And self serving friends who leave when you are sinking

Come hold my hand
Hold it tight
We're in a weird time of life
Don't wreck your brain
It'll be alright
We're in a weird time of life

I want luck
I want love
Sharing earphones on the bus
And wake up next to you in Glasgow

Some days I'll laugh
One day I'll cry
See my mum and father die
But the sun will shine tomorrow

Only those who are awake will make mistakes then learn to face
Everybody worried about the things that we are thinking
And the enemy's the remedy
Take the self deprecation up your sleeve
And say fuck the friends who leave when you are sinking

Come hold my hand
Hold it tight
We're in a weird time of life
Don't wreck your brain
It'll be alright
We're in a weird time of life

Weird time of life
Weird time of life
