

2X Screamin

Yungeen Ace

DeeMarc got that heat
It's 2X talkin'
Speak up Quan Quan
Let 'em know how it was
Tell 'em the truth

Remember Ace was dirty when they act like they ain't know him
Got off his dick, he showed his ass, they say he owed them
Everybody seem to change, it's not the old him
He so careless, maybe he can die, how can I approach him?
Remember Ace was dirty, they act like they ain't know him
Got off his dick, he showed his ass, they say he owed them
Everybody seem to change, it's not the old him
He so careless, maybe he can die, how can I approach him?
It's not the old him
2X screamin' out, 2X screamin' out
It's not the old him
2X screamin' out (2X), 2X screamin' out (2X)
It's not the old him

They say he never used to be like this
A lot of niggas he want dead, they still alive, he just can't sleep like this
Lil brother Quan got shot in his head, can't seem to think right, bitch
They took his heart, they took his pride, can't seem to eat like this
Ever since he was a youngin, got a pole, he just been slangin' iron
Droppin' bodies, kickin' doors, he got some sense, ain't got no
Mind
Penitentiary chances behind them walls, he'll spend some time
Mama, Mama, save Ace for me
He's all alone, cryin' inside, no one can see
Blood is drippin', pain is ridin', they blind to see
Mama, Mama, save Ace for me (Save him)
Mama, Mama, Mama

Remember Ace was dirty when they act like they ain't know him
Got off his dick, he showed his ass, they say he owed them
Everybody seem to change, it's not the old him
He so careless, maybe he can die, how can I approach him?

2X screamin' out, 2X screamin' out
It's not the old him
2X screamin' out (2X), 2X screamin' out (2X)
It's not the old him

They steady speakin', they steady creepin' (Come here)
Ever since he caught his bodies, he move in silence (Shh)
Mark say he movin' wrong, he wildin'
Heart cold but his mind filled with violence
He'll die before he let a nigga try him
Steppin' shit up in his blood
Trust no one, notice a bitch tried to set him up
Don't give a fuck, you know he handle her

He on probation, now his mind racin'
Up all night, back and forth, pacin'
Back to back with different altercations
Pray he make it through his situation
'Cause he feel no one understand him
Every time he turn around someone is always open-handed
Every time somethin' go wrong he always the one that they blamin'
They think he owed them somethin', his success, they steady claimin'

Remember Ace was dirty when they act like they ain't know him
Got off his dick, he showed his ass, they say he owed them
Everybody seem to change, it's not the old him
He so careless, maybe he can die, how can I approach him?
