I been looking different through my eyes
Notice my face be a little crooked when I smile
Everybody can feel the tension my that my emotions different
Gotta stretch my trigger finger my index finger itching

Everybody can feel the tension my that my emotions different
Gotta stretch my trigger finger my index finger itching

He been thinking suicide
Having dreams that he died
He don't care where he step
Visions of nobody left
He just looking right to left
Don't nobody seem to care
Thinking twice about every step
He want niggas out of there

He committing murder
The only thing that keep him happy
He been out there serving
Invest his money into trapping
All his friends worried 'cause he been living life backwards
Momma out here stressing 'cause I won't talk to the pastor

Body full of meds
And he ain't scared to OD
Running from the feds
Ducking from the police
Voices in his head
They telling him to kill me
They want to see me dead
'Cause I been showing the world the real me

I been looking different through my eyes
Notice my face be a little crooked when I smile
Everybody can feel the tension my that my emotions different
Gotta stretch my trigger finger my index finger itching
