

Little Star

Yungeen Ace

Gave you my all, I gave you everything
Thinking bout buying you a wedding ring
Traded my gun in for your heart
This life ahead of me wants you to be apart

Don't ever leave don't send me fairy tales
Come hear my heart
Make it all is well
Come be my queen Jasmine
Be your Alladin
Could ride the magic rug
Gooddest life you could have it
Come be my queen Jasmine
Be your Alladin
Jump up on the magic rug
This life you could have it
Come be my queen Jasmine
Be your Alladin
Jump up on the magic rug
Gooddest life you could have it

It's a lot I got us pressed where can I start
Baby you're my Tinkerbell, you're my star
You're my 1 in a billion
You worth more than some millions
Baby I'm ready to start a family where our children
I just wanna travel the world with you
And every time that I'm lost I find my way back to you
Everytime that I'm with you it just feels so different
And every moment spent together make me feel so special
And everytime I look in your eyes it just make you up
Baby girl I'm like a pirate girl you my treasure
I swear you the only one that mean something to me
Without you girl I'd be lost don't know where I'd be

And I'm like twinkle twinkle little star
How I wonder where you are
Twinkle twinkle little star
How I wonder where you are

Don't ever leave don't send me fairy tales
Come hear my heart
Make it all is well
Come be my queen Jasmine
Be your Alladin
Could ride the magic rug
Gooddest life you could have it
Come be my queen Jasmine
Be your Alladin
Jump up on the magic rug
This life you could have it
Come be my queen Jasmine
Be your Alladin
Jump up on the magic rug
Gooddest life you could have it

And I'm like twinkle twinkle little star

How I wonder where you are
Twinkle twinkle little star
How I wonder where you are
