

(You know what I'm saying like...
It's a-lot of shit I gotta... you know what I'm saying say
I feel like I gotta say, 'cause you know what I'm saying
We been at it for a while...)

We've been at it for a while, let's not keep it a secret
We both got ourselves, baby can we be even?
You said I got your heart, bae you make me feel special
Show me off to the world, it might make me feel better
Your love got me on a different planet
When I fell in love, baby, I ain't plan it
My heart's fumbling, I can't control it
The world be mad baby if I exposed it
I be caught up in my feelings when I'm missing you
Thinking 'bout all the times when I'm kissing you
Always by my side baby when I'm needing you
No Stevie Wonder, you can see that I'm here for you

Let's not keep it a secret
Your love got me on that far end
Ain't even gone lie, I'm so deep in
Will you save me if I'm sinking
Let's not keep it a secret

I'm on a different planet
Stole my heart and took my love for granted

I been damaged in these streets I never knew love was in me
Get in my feelings, when I'm thinking of you
Don't know what it is, but it's something bout you
Head over hills baby I'm crazy 'bout you
Head over hills, bae I'm crazy 'bout you
Baby your love got me wishing on a star
So grab my hands, let's run away, let's run far
So crazy your love got me on a different planet
You say it's best to keep it a secret they just don't understand it

We've been at it for a while, let's not keep it a secret
We both got ourselves, baby can we be even?
You said I got your heart, bae you make me feel special
Show me off to the world, it might make me feel better
Your love got me on a different planet
When I fell in love, baby, I ain't plan it
My heart's fumbling and I can't control it
The world be mad baby if I exposed it
I be caught up in my feelings when I'm missing you
Thinking 'bout all the times when I'm kissing you
Always by my side baby when I'm needing you
No Stevie Wonder, you can see that I'm here for you

Let's not keep it a secret
Your love got me on that far end
Ain't even gone lie, I'm so deep in
Will you save me if I'm sinking
Let's not keep it a secret
