

Cake

Yungen

Ain't even my birthday, I got greeted with cake
Yeah, I met her at tape
So I saved her as tape
Baby girl, I'm a superstar, can't take you on dates
If I pull up in a supercar
Three five on brakes
Man, I can't even roll in peace
Girls wanna give throat to me
When I pull up, they know it's me
Put my dick in her ovaries, yeah
When you pull up, you get hoes for free
How you buying bottles in the club when you owe me Ps?

Yo, truth be told
I don't really trust these groupie hoes
Come with a sweet one, Rubi Rose
Brand new Rollie, ruby stones
Buy a new watch every two, three shows
Actress, she can play movie roles
Anna may give man the bougie blows
I ain't talking anime, YuGiOh

You look like a badiana
I pulled up with Tattiana
100 baddies, that's my karma, boss lady like Maya Jama
They go hard but I go harder

Ain't even my birthday, I got greeted with cake
Yeah, I met her at tape
So I saved her as tape
Baby girl, I'm a superstar, can't take you on dates
If I pull up in a supercar
Three five on brakes

Imma pay for your Uber home
But round here, you can't use your phone
Bad gyal, don't use that tone
VVs, no cubic stones
Let me slide like the Toosie vid
Sing my song, be a groupie bitch
Caviar girl, she a bougie chick
I don't mind A cups if your booty big
You can't be my mamacita
And you smoke like Wiz Khalifa
Don't touch my pouch girl, that's my Nina
Studio set, she can be my feature
Passport number, we going Ibiza

Ain't even my birthday, I got greeted with cake
Yeah, I met her at tape
So I saved her as tape

Baby girl, I'm a superstar, can't take you on dates
