

Changes

Yungen

Alright, we gonna switch up the vibe. Yeah, it's time we zone out. So line up that Yak, spark up that L. Oh yeah, hang tight my brudda Pain and Yardz on the feature. Track entitled 'Changes'. What changes would you make? Yeah it's real deep. We're gonna set things off with Pain and see what you'll change. Let's go.

Yo, listen.

If I could change things, I'd change most the stuff I've done
'Cause I was fourteen when I first held a gun
And I was fourteen when I first poked a yout'
I saw nutting but blood pouring in the open wound
He was talking cheeky, what was I supposed to do?
Back then, I was gassed, I used to roll with goons
I used to be a big bully, never taught the truth
I'm telling nutting but facts, I talk the truth
Reminiscing on the times when we robbed yout's
If you was rolling with big bits then we robbed food
If he was talking crud, me and [?] dropped yout's
Past the hood, the hood we used to cut through
I ain't perfect, [?] were worthless
Cah I talk about the money in the burners
If I could change things, I'd change most the stuff I've done
Cah it's not the right life I wanna tell my son

And that's deep Pain, I feel what you're saying B. We're gonna continue on.
My brudda Yardz, we're gonna put his thoughts on the page. Deliver it through the mic. Let's show you his changes.
Yo yo, let's get them.

Look, I do good but you choose to hate it
If I can make a change, I'd put an end to hating
Put smiles on faces, put a stop to faking
And help anybody else that has a dream to make it
I seen my brudda in the pen that I ain't seen for ages
Life is just a game 'til you have to play it
If I can make a difference then you'll be more than caking
'Cause back then I done bad just to get a payment
But now I'm grown, I'm tryna make a different statement
When I was young, it was all about getting ratings
My actions on the road had me spending nights in stations
But as I started getting big things started changing
[?] ain't the things that you should play with
I've done a lot of stuff and I ain't proud to say it
I'm tryna make a change so I have a chance to make it
So if you get that chance then it's best you take it

Woo. And I hear that brudda, that's real talk. Yo Yungen, where you be at man? You know we couldn't do this track without you on it. So I want you to pour out your pain, let them know what you're gonna change. This is all you, let's go.
Yungen.

They see me doing well, they're tryna mess my grind
They're tryna pepper mine
But they ain't down to dip sets when it's repping time
And I won't let it slide
They're tryna call my line

Tryna talk differences, I ain't genuine
I've got a whole bag of bars, I talk the truest shit
Cah I was doing this
Way before the music hit
Cah I was moving bits
Tryna pocket a whole bag of eight balls, like a snooker stick
Situations got me feeling like I'm losing it
So I'm punchlining beats, black and blueing it
In and out of cells, trust me I'm through with it
My dargs know I'm real, I don't run around proving shit
I had girls on my dick, that's nutting new to me
And out of all of them, none of them were true to me
So that's why now it's strictly Money First
I be tryna get bags with squares, straight Louis V

Woo, I hope you lot were listening carefully and understand what's going on.
