Gyaldem know that I'm trouble  
They still think that I'm Handsome  
Ain't seen her in a week  
She's already throwing tantrums  
She stayed over my apartment  
She kept calling it a mansion  
I never pick up my iPhone  
She don't know she's got the Samsung  
Gyaldem know that I'm trouble (uh)

I got a penthouse but I'm hardly there  
Your girl's fruity, we're a naughty pair  
Got a bracelet I let your Barbie wear  
That's a Cara yeah a Cartier  
Darling come stay over, this mad yard  
We ain't in Chelsea like Lampard  
Said she only dates black guys  
Thank God I got a black card  
Spend a yard on the wardrobe blood, I can show you receipts  
Tell your boyfriend that he can't get this kinda drip off deets  
Rollie, AP or Patek?  
Don't do it for the gram, just cop and collect  
Bro got rid of 4 now he's the connect  
You won't find his net worth on the net  
This summer me and all of the dogs do jet  
This summer me and all of the Barbs two step  
Had double A's now shes got a new set  
Took her from a one bed to a duplex

Gyaldem know that I'm trouble  
They still think that I'm Handsome

They all know that I'm trouble  
And the gyaldem know that I'm Handsome

Done a lot of drills in my Peugeot  
Now I'm hopping out of that Phantom  
Fuck the haters and thank them  
Give a lot of dem man sanction  
They got scored on and had tantrums  
You got bored and booked out mansions (loads)  
I pay two for a coat that I hardly wear (two racks)  
You talk smoke on your block but you're hardly there (no you're not)  
Crash that opp, walk past - we where? (uh)  
Never in life but my chargie dare, fuck it  
They all know I'm the best about  
Drilled on them just to test it out  
Took mans girl and then pressed it  
Sex'd it out then I jetted out  
She can't call my phone so she text me down  
Homebody don't let me down  
All the GB's get kept around  
Any function don't matter, I've left it out
